JUDGE: Hon. Judge Donato

1 I, Peggy J. Wedgworth, Esq., hereby declare as follows:

2 1. I am a managing partner and Chair of the Antitrust Practice Group at Milberg Phillips
3 Grossman LLP ("Milberg"), and I represent Plaintiffs Diane Bentley, Katherine Hansen, Dennis
4 Lockhart, Francis MacAulay, Katie Vesco and Daniel Watt and the proposed consumer class
5 (collectively, "Plaintiffs"). I respectfully submit this Declaration in support of the Motion to Appoint
6 Interim Class Counsel. I have personal knowledge of the matters set forth herein, and could and would
7 testify competently thereto if called upon to do so.

8 2. I support the appointment of the law firms of Bartlit Beck LLP and Korein Tillery LLC
9 as co-lead interim class counsel, with my firm, Milberg, serving as Discovery Liaison and the firm of
10 Pritzker Levine, LLP serving as local Liaison counsel, for the consolidated proposed consumer class in
11 *Carr, et al. v. Google LLC, et al.*, 3:20-cv-05761-JD ("*Carr*"), and *Bentley, et al. v. Google, LLC, et al.*,
12 4:20-cv-07079-JD ("*Bentley*").

13 3. Korein Tillery, LLC and Bartlit Beck LLP filed *Carr*, the first consumer class action, on
14 August 16, 2020. On October 9, 2020, Milberg filed *Bentley*, the second consumer class action in this
15 matter. On October 26, 2020, *Bentley* was related to *Epic Games, Inc. v. Google, LLC, et al.*, 3:20-cv-
16 05671-JD. Pritzker Levine, LLP filed *Carroll, et al. v. Google LLC, et al.*, 3:20-cv-07379-SK on October
17 21, 2020.

18 4. I am well-qualified to serve as Discovery Liaison Counsel for consumers in this matter. I
19 have served as lead and co-lead counsel, on executive committees, in other antitrust cases and class
20 actions, am well-versed in applicable law, and will draw on my substantial discovery knowledge and
21 experience to effectively serve as Discovery Liaison Counsel.

22 5. Since Milberg filed the *Bentley* complaint, I have worked collaboratively with attorneys
23 at Korein Tillery and Bartlit Beck, contributing to the consumer consolidated class action complaint filed
24 on October 21 (*Bentley* Dkt. No. 16), including retaining additional plaintiffs.

25 6. I have also worked collegially with defense counsel and app developer counsel, to advance
26 the litigation, participating in several teleconferences and editing the various discovery documents
27

1 recently filed.

2 7. I am committed to coordinating discovery efforts with the various plaintiffs' counsel and
3 Google in order to facilitate the progress of the case and to avoid unnecessary duplication and expense.
4 Milberg is a global plaintiffs' complex litigation firm, with prominent class action and antitrust practices,
5 that has obtained extraordinary results for class members. The firm has a long history of working
6 collaboratively with other firms to achieve favorable results for its clients and the firm's Antitrust Practice
7 Group prosecutes large, complex antitrust and trade regulation class actions and other cases that target
8 some of the most powerful and well-funded corporate interests in the world. Milberg has a wealth of
9 discovery experience in complex antitrust cases.

10 8. I am a seasoned practitioner, with over three decades of extensive experience in all aspects
11 of litigation — from case development, pleadings, motion practice, fact and expert discovery, settlement
12 negotiations, and trial — in complex class action antitrust, commodities, and securities matters. In the
13 last six years I have tried and served as co-lead trial counsel in two jury trials to verdict, with my most
14 recent trial in 2016. I was one of the co-lead trial attorneys who successfully obtained a jury verdict
15 against R.J. Reynolds in Florida state court in 2013, which verdict was sustained on appeal. *R.J. Reynolds*
16 *Tobacco Co. v. Hiott*, 129 So. 3d 473 (Fla. Dist. Ct. App. 2014).

17 9. Currently, I am appointed Interim Lead Counsel on behalf of a nationwide class of auto
18 dealerships in a class action alleging that leading software providers conspired to monopolize access to
19 auto sales and service data software used by auto dealerships against the two leading providers of dealer
20 management systems, CDK Global, LLC and The Reynolds & Reynolds Company. *In re Dealer*
21 *Management Systems Antitrust Litig.*, 18-cv-00864 (N.D. Ill.). The case has already yielded a \$29.5
22 million settlement on behalf of the auto dealers class with one of the defendants, and discovery included
23 over 90 depositions taken in a five-month period and the management and review of close to two million
24 documents.

25 10. I am also currently the discovery point person for end user plaintiffs in leading the meet
26 and confers for Requests for Production and Interrogatories with one of the two defendants in *In re: Hard*
27

1 *Disk Drive Suspension Assemblies Antitrust Litig.*, MDL No. 2918 (N.D. Cal.), an antitrust class action
2 alleging that the two largest manufacturers of hard disk drive suspension assemblies illegally conspired
3 to fix prices. I also represent contact lens purchaser plaintiffs in *In re Contact Lens Antitrust Litig.*, 15-
4 md-2626 (M.D. Fl.), and have litigated numerous discovery issues and taken a substantial number of
5 depositions relating to a defendant that has now settled.

6 11. I have also actively participated in all phases of litigation on behalf of plaintiffs in other
7 significant antitrust and commodities litigation, including in this District; *see e.g.*, *In re Cathode Ray*
8 *Tube (CRT) Antitrust Litig.*, 07-cv-5944 (N.D. Cal.) (conducted depositions/trial preparation); *Church &*
9 *Dwight Co., Inc. v. Mayer Laboratories, Inc.*, C-10-04429 (N.D. Cal.) (oversaw and managed discovery
10 and conducted depositions); *In re NASDAQ Market-Makers Antitrust Litig.*, 187 F.R.D. 465 (S.D.N.Y.)
11 (participated in investigating and drafting claims and discovery, case settled for \$1,027,000,000);
12 *Blessing v. Sirius XM Radio, Inc.*, 09-cv-10035 (S.D.N.Y.) (worked on all discovery, summary judgment
13 and trial matters, including conducting depositions); *In re Microsoft Litig.*, MDL 1332 (D. Md.)
14 (conducted depositions resulting in favorable partial settlements); *In re Sumitomo Copper Litig.*, 74 F.
15 Supp. 2d 393, 395 (S.D.N.Y.) (conducted and defended numerous depositions (including experts), and
16 conducted substantial discovery in Hong Kong and Tokyo, where “[t]he recovery is the largest class
17 action recovery in the 75 plus year history of the Commodity Exchange Act.”); *Leider v. Ralfe*, 01-cv-
18 3137 (S.D.N.Y.) (drafted complaint (along with partner) alleging price-fixing and monopolization in the
19 diamond market by DeBeers resulting in a settlement of \$250,000,000 and extensive injunctive relief);
20 and *In re Natural Gas Commodities Litig.*, 03-cv-6186 (S.D.N.Y.) (worked on all phases of discovery in
21 a \$101 million settlement).

22 12. I also served as one of three partners at Lovell Stewart who led the firm’s litigation on
23 behalf of plaintiffs in both the securities and antitrust class actions in *In re Initial Public Offering*
24 *Securities Litig.*, 21 MC 92 (S.D.N.Y.), one of the largest federal securities litigations then in history,
25 which involved the coordination of 309 separate class actions, with hundreds of defendants, including 55
26 investment banks, and tens of millions of pages of electronic records. I was personally responsible for
27
28

1 prosecuting certain investment bank defendants, and led a team working directly with experts throughout
2 the litigation conducting numerous depositions. After approximately ten years of litigation, the case
3 settled for \$586 million.

4 13. I have worked collaboratively with other plaintiffs' attorneys in all the cases described
5 herein, and take pride in the positive relationships I have developed with other attorneys, both for
6 plaintiffs and defense. I am cognizant of the respect and deference this Court requires of its practitioners
7 in conducting themselves before the Court.

8 14. As a member of the New York State Bar Association's Antitrust Committee for many
9 years, I have served as both a speaker and panelist. I have served twice on the advisory board of
10 Competition Law360, and am a member of the American Association of Justice and the Pound Institute
11 where I currently serve as a trustee. I have been recognized as a New York Metro "Super Lawyer" from
12 2016 to the present, with a primary practice in Antitrust, an honor reserved for those lawyers who exhibit
13 excellence in practice. Only five percent of attorneys in the New York Metro area receive this distinction.
14 I have also been recommended in the Legal 500 in the United States for 2016. I recently published the
15 article, *Challenging "Attorneys' Eyes Only" and Improper Categorical Privilege Logs*, in Trial
16 magazine. Perhaps most importantly, I place value on working with those who are considering the legal
17 profession by volunteering at a local high school to assist students with their law academy trial team, and
18 to prepare them for national mock trial competitions. I also judge mock trial competitions, most recently
19 at Yale College.

20 15. I will be assisted in discovery efforts by members of Milberg's Antitrust Practice Group.
21 and my team will include Elizabeth McKenna, a partner at the firm with over twenty years as a litigator,
22 advocating on behalf of victims of anticompetitive and unfair business practices in numerous complex
23 class actions. Ms. McKenna plays an integral role as part of the *DMS* Litigation team, and was part of
24 the team appointed co-lead counsel for Indirect Purchaser Plaintiffs in agricultural cooperative antitrust
25 litigations, *In re Fresh & Process Potatoes Antitrust Litig.*, 10-md-2186 (D. Idaho), and *In re Processed*
26 *Egg Products Antitrust Litig.*, 2:08-md-2002 (E.D. Pa.). Ms. McKenna's other antitrust experience
27
28

1 includes substantial contributions to *Blessing v. Sirius XM Radio Inc.*, 09-cv-10035 (S.D.N.Y.); *In re*
2 *Cathode Ray Tube (CRT) Antitrust Litig.*, 07-cv-5944 (N.D. Ca.); and *In re Liquid Aluminum Sulfate*
3 *Antitrust Litig.*, 16-md-2687 (D.N.J.). A true and correct copy of the firm's antitrust resume and attorney
4 biographies are attached as **Exhibit A**. I will be assisted by other members of Milberg's Antitrust Group,
5 whose bios are also found in **Exhibit A**.

6 16. Synergy among counsel is essential to efficiently and effectively prosecute this case. I am
7 well-aware that "the added demands and burdens of complex litigation place a premium on
8 professionalism" and "[a]n attitude by counsel of cooperation, professional courtesy, and acceptance of
9 the obligations owed as officers of the court is critical to successful management of the litigation."
10 Manual, Authors Comments, Role of Counsel (§ 10.21) at 23. My team and I respect the gravity of
11 judicial appointments, and I am committed to working cooperatively with other attorneys as Discovery
12 Liaison Counsel. If appointed, my team and I will "perform their obligations as advocates in a manner
13 that will foster and sustain good working relations among themselves and with the court." *Id.*

14 17. I will ensure that cooperation, courtesy and professionalism will be the hallmark of
15 discovery throughout this litigation. I am aware of the need for clear and definitive records to be prepared
16 as fees and costs are incurred in order to accurately account for all legal work done on behalf of the class,
17 and will implement policies and procedures to ensure accuracy, efficiency and prevent duplication of any
18 legal work. As with other litigations where I have been responsible for discovery, I understand that if
19 appointed, I will be held accountable for the overall conduct of the litigation.

20 I declare under the penalty of perjury under the laws of the United States that the foregoing is true
21 and correct.

22 Executed in Birmingham, Alabama, this 23rd day of November, 2020.

EXHIBIT A

THE FIRM'S PRACTICE AND ACHIEVEMENTS

MILBERG PHILLIPS GROSSMAN LLP ("MPG") IS A LEADING GLOBAL PLAINTIFFS' FIRM, successfully pioneering and litigating complex litigations in the following practice areas: class actions, antitrust and competition law, securities fraud, consumer protection, cyber security and data breach litigation, financial and insurance litigation, environmental law, and securities litigation, and whistleblower/Qui Tam. Our attorneys possess a renowned depth of legal expertise, employ the highest ethical and legal standards, and pride themselves on providing stellar service and achieving extraordinary results for their clients.

Milberg was founded in 1965, taking the lead in landmark cases that have set groundbreaking legal precedents and prompted changes in corporate governance benefiting shareholders and consumers. For over 50 years, the firm has protected victims' rights, recovering over \$50 billion in verdicts and settlements. Milberg was one of the first law firms to prosecute class actions in federal courts on behalf of investors and consumers. The firm pioneered this type of litigation and became widely recognized as a leader in defending the rights of victims of corporate and other large-scale wrongdoing.

In 2018, Milberg merged with Sanders Phillips Grossman LLC, a plaintiffs' class action and mass torts firm providing exemplary legal representation in the practice areas of defective drugs, defective medical devices, consumer fraud, class actions, catastrophic injury, and toxic exposure. As a nationally recognized leading plaintiffs' law firm for the past three decades, the firm and its predecessors have recovered more than one billion dollars for injured consumers. Sanders Phillips Grossman has offices in Seattle, Los Angeles, and Puerto Rico.

MPG is headquartered in New York City, with 21 attorneys as well as a team of non-lawyer professionals, with offices in Seattle and Los Angeles. Internationally, the firm handles complex litigation in South America and Europe, with an emphasis on the United Kingdom and the Netherlands.

The firm's reputation has been built by successfully taking on challenging cases across a spectrum of practice areas for the past half-century. From resolving business disputes to proving antitrust conspiracies, MPG is equipped to handle complex, high-stakes cases at any stage of the litigation process.

The firm's lawyers have been regularly recognized as leaders in the plaintiffs' bar by the National Law Journal, Legal 500, Chambers USA, and Super Lawyers, among others.

Highlighted Practice Area: ANTITRUST AND COMPETITION LAW

IN A WORLD WHERE INCREASINGLY CONSOLIDATED CORPORATE ENTITIES EXERCISE EVER-GREATER MARKET POWER, proper enforcement of antitrust law is necessary to ensure a competitive marketplace. Maintaining competition promotes lower prices, higher quality products, and services, and encourages greater innovation. MPG prosecutes large complex antitrust class actions against some of the world's largest and most well-funded corporate defendants in sectors such as healthcare, technology, agriculture, and manufacturing. Our leading practitioners successfully represent plaintiffs affected by anticompetitive conduct such as price-fixing, monopolization, monopoly leveraging, tying arrangements, exclusive dealing, and refusals to deal.

The globalization of business operations and markets means that anticompetitive acts are frequently not limited to just one country. With offices in the United States and Europe, our Antitrust Practice Group is building an international presence that enables us to provide global strategic advice and representation on antitrust violations involving multiple jurisdictions. Antitrust Practice Group practitioners combine deep knowledge of antitrust rules and regulations with unmatched expertise in trial strategy in advocating the optimal remedies for consumers, businesses, and investors harmed by anticompetitive behavior.

The firm, and Antitrust Chair, Peggy J. Wedgworth, are appointed Lead Counsel for auto dealerships in *In re Dealer Management Systems Antitrust Litigation*, a nationwide class action alleging that leading software providers conspired to monopolize access to auto sales and service data software used by auto dealerships, that has already yielded a \$29.5 million settlement with one defendant. The Antitrust Practice Group continues to act in a number of significant and ongoing antitrust class actions, including *In re Liquid Aluminum Sulfate Antitrust Litigation*, in which the firm holds a court-appointed Plaintiffs' Steering Committee position in a case alleging artificial price inflation by manufacturers of a chemical essential to municipal water treatment, *In re: Hard Disk Drive Suspension Assemblies Antitrust Litigation*, an antitrust class action alleging that the two largest manufacturers of hard disk drive suspension assemblies illegally conspired to fix prices; *In re California Gasoline Spot Market Antitrust Litigation*, an antitrust class action filed on behalf of California consumers of gasoline who were forced to pay supra-competitive prices for gasoline due to the manipulation of the California gasoline spot market; *In re Disposable Contact Lens Antitrust Litigation*, a class action alleging that contact lens manufacturers conspired to maintain artificially high prices for disposable contact lenses; and *In Re: Cathode Ray Tube (CRT) Antitrust Litigation*, a class action alleging an international conspiracy to keep prices for CRT displays artificially high.

Milberg has also played a significant role in other antitrust class action cases, including serving as Co-Lead Counsel in *Blessing v. Sirius XM Radio Inc.*, a case alleging that the merger of two U.S. satellite radio providers led to the monopolization of the satellite radio market and the elimination of competition. The firm achieved a settlement for the class valued at \$180 million. We also served as Co-Lead Counsel in the *Sandhaus v. Bayer AG* case, alleging that Bayer and several generic drug manufacturers entered into pay-for-delay agreements concerning an antibiotic marketed by Bayer which caused the plaintiffs to continue paying supra-competitive prices for the drug throughout the class period. We secured the largest consumer recovery from a pay-for-delay case in Kansas: a \$9 million settlement. The firm also served as Co-Lead Counsel for indirect purchaser plaintiffs in *In re Fresh and Process Potatoes Antitrust Litigation*, a class action alleging that potato growers, their cooperatives, processors, and packers violated federal antitrust laws by conspiring to manipulate the price and supply of potatoes. The firm settled the case for \$5.5 million, plus important injunctive relief.

MPG will continue working aggressively to vindicate the rights of plaintiffs victimized by antitrust violations and hold companies that engage in anticompetitive behavior accountable.
